

LETHBRIDGE FOOD BANK

FEED THE NEED

A Monthly Insight into the Lethbridge Food Bank

March 2020 Issue

*Mission: To Support people with access to
food and community resources.*

Health and Safety Update: COVID-19

With the recent outbreak of COVID-19, our organization continues to monitor the situation closely and is taking various measures to work towards protecting our staff, volunteers and clients. The safety of our team, volunteers and clients is our number one priority. With that said, we have increased our cleaning and sanitizing protocols, in particular areas of high traffic.

All door handles and counters are sanitized regularly. We have displayed information on how to protect one's self and others through good hygiene practices. We are aware and have witnessed a drop in product donations, but we will continue to work hard to provide the basic needs of our clients. We are grateful for all your support.

CANstruction

In this event, teams come together from various industries to build unique structures entirely out of canned food. The results are evaluated by a panel of judges in a number of categories, including People's Choice. When the event comes to a close, the food will be donated to Interfaith Food Bank Society of Lethbridge, Lethbridge Food Bank and Lethbridge College Food Bank to help stock the shelves and assist people in need in Lethbridge and area.

This year 7 teams have signed up to participate in the event.

Structures are displayed until April 6th. Visit Centre Village Mall to see City's abundant talent and creative power.

How to Hand Wash

© 2019 Alberta Health Services

If you have any questions or comments regarding this information please contact the Infection Prevention & Control Hand Hygiene Program at HandHygiene@ahs.ca

- Roll up long sleeves and push up any wrist accessories
- Wet hands with warm water
- Apply enough soap to cover surfaces of the hands

- Vigorously rub soap over palms, backs of hands and wrists
- Include space between fingers, fingertips and thumbs
- Procedure should take 15 to 30 seconds

- Rinse under warm, running water
- Pat hands dry with disposable towel
- Turn tap off with the disposable towel
