

Public Service Announcement

Bottle Recycling New WEST SIDE location

872 Heritage Blvd W

Proceeds donated to the local Food Banks

Since the initial partnership of GPS Container Depot with the two local food banks, we have seen tremendous support through bottle donations. We want to encourage the community to continue their support by visiting the new GPS Container Depot facility on the West Side and donating the proceeds of their bottle return to the local foodbanks. With the opening of the new location (872 Heritage Blvd W), the partnership with local food banks continues to grow.

For July and August, a visit to the westside location will be a chance of winning a \$500.00 gift certificate.

Bottles are still accepted at the northside GPS Container location, with a chance to donate to the local foodbanks.

This is an excellent way for our community to donate to our agencies amid the current pandemic. Clear up some space in your home by giving your bottles to the local food banks.
